Spring Swapping Policy:

- To participate in our spring swapping policy the springs must have been purchased from us.
- There is no time limit, no fee's, and we will recalculate your rates and swap springs an unlimited number of times.
- Only the following springs qualify for our spring swapping policy:
 - Eibach Springs only. Silver in color
 - ID: 2.5, 3.0 & 3.75"
- Springs must be returned in new condition and in original packaging.
 - No scuffs, scratches, chips or defects which impact appearance or function – inside or outside of the spring.
 - We recommend wrapping the springs in low tack painters tape during installation.
- Springs are returned for refund at original price.
- Replacement springs are sold at current MSRP.
- Customers pays for shipping to return original springs and on the replacement set.
- Springs not meeting these requirements will not be accepted as a return or exchange.
